Transit Propensity

What is the Transit Propensity Index?

Identifies areas with high demand for transit service by combining and scoring ridership and equity metrics.

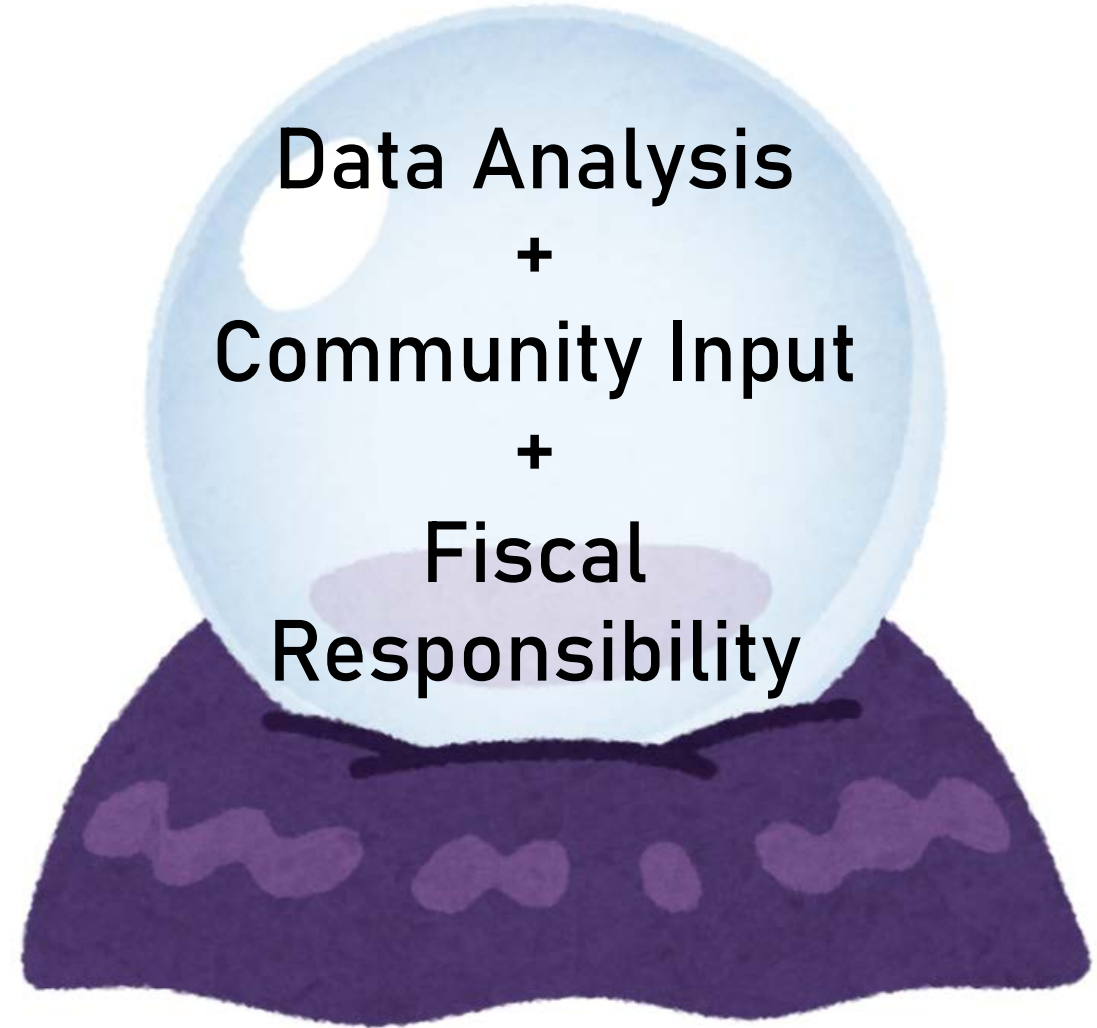

Underserved High Propensity Clusters (circled on map):

1. US 183 corridor (West of MoPac)
2. N. MoPac & US 183
3. Windemere
4. Walnut Creek at I-35
5. Slaughter Lane

How We Developed Recommendations

This plan is
CapMetro's vision
and roadmap for
the next 5 to 10
years.

Transit Plan 2035 Draft Recommendations

Recommendation themes include:

- ✓ aligning our current service with travel patterns,
- ✓ preparing for high-capacity transit and Project Connect, and
- ✓ exploring regional expansion.

Draft Recommendations Overview

We're budgeting responsibly, and there are still near-term improvements that can be made with our limited resources.

**Outlook
Within 5
Years**

We're thoughtfully planning for improvements that accompany Austin Light Rail and regional growth.

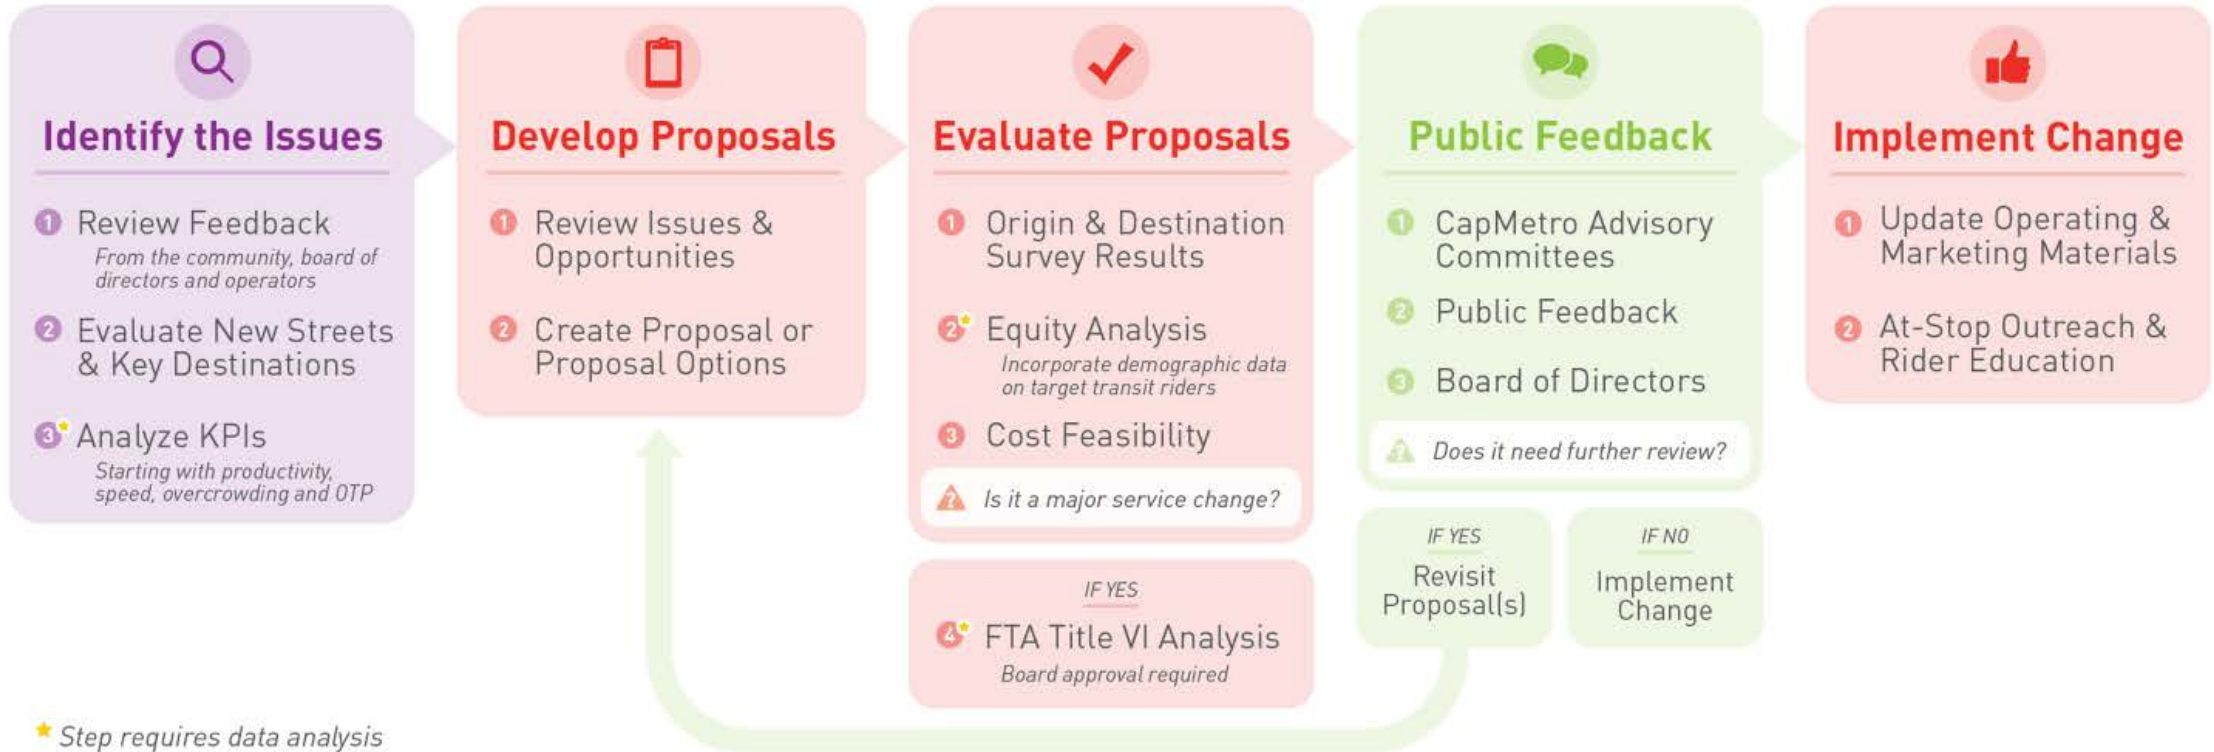

**5+ Year
Outlook**

We continue to build toward a more connected region.

**10+ Year
Outlook**

Transit Plan 2035 is Not A Service Change

CapMetro

Transit Plan 2035

Transit Plan 2035 is CapMetro's blueprint for the future of public transportation in Central Texas.

Our plan includes a comprehensive evaluation of our transit system and changes to how people are traveling in the Central Texas region. The final plan will outline strategies to update transit services, upgrade infrastructure and better meet your needs over the next five to ten years.

A well designed transit plan provides an updated transit system that connects people to jobs, education, and places they enjoy. The plan also lays the groundwork to make the updated transit system a reality. Together, we will identify what changes need to be made, step by step, and what resources are needed to achieve the plan's goals.

How These Changes Are Organized

Central

Northeast

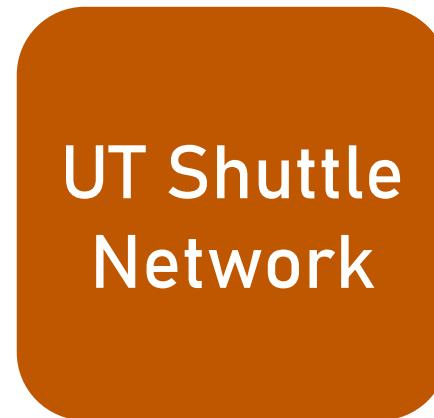

Southeast

Southwest

Northwest

Three Options for Buses on Guadalupe with Light Rail

#1: Rapids on San Jacinto

What stays the same?
Local Routes 1 and 3
stay on Guadalupe and
travel through
downtown.

1 & 3

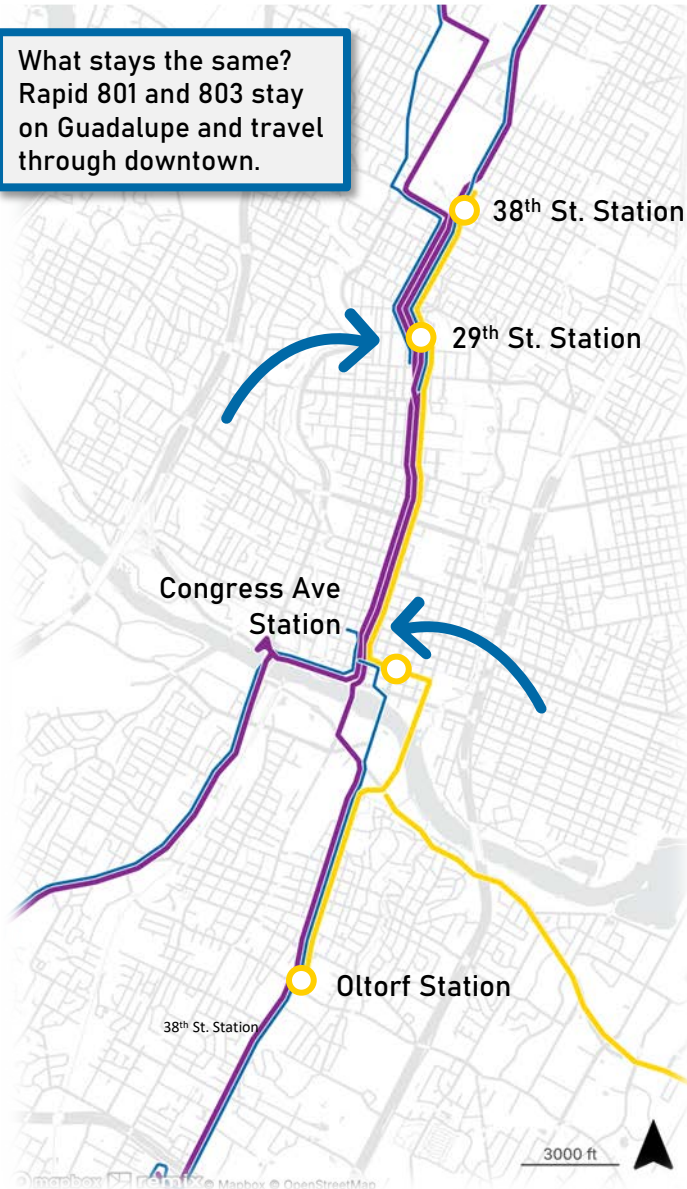

801 & 803

Light Rail

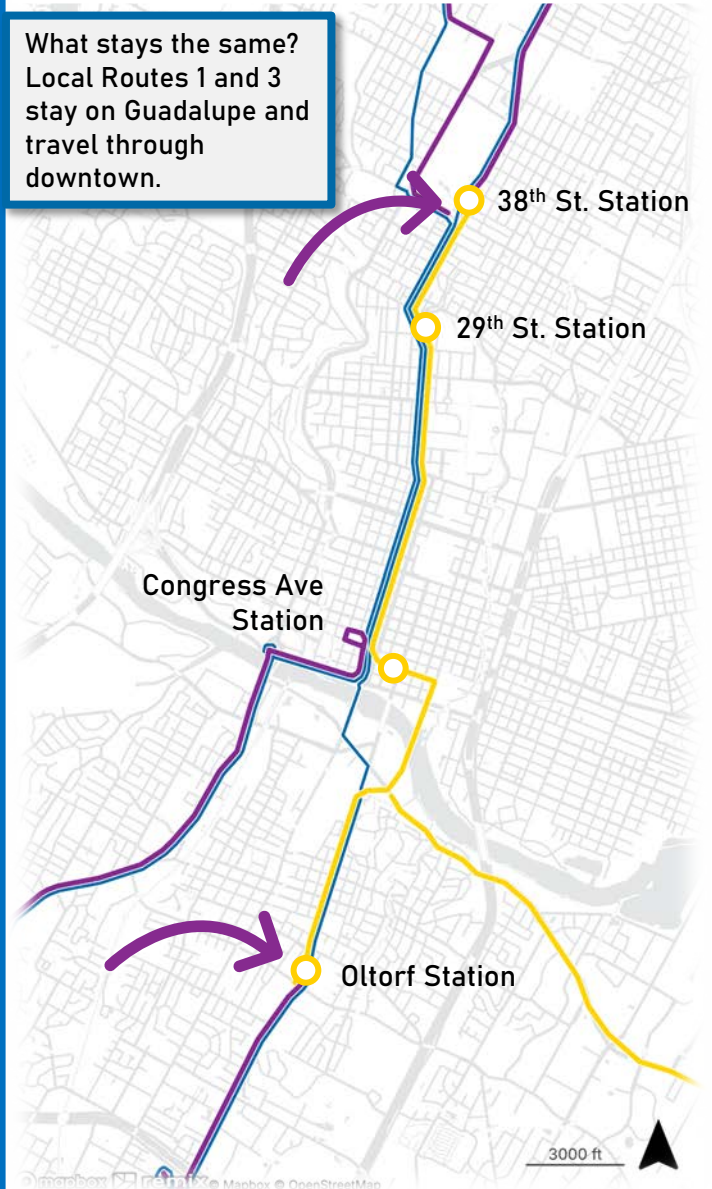

#2: Shortened Local Routes

What stays the same?
Rapid 801 and 803 stay
on Guadalupe and travel
through downtown.

#3: Rapids Feed the Light Rail

What stays the same?
Local Routes 1 and 3
stay on Guadalupe and
travel through
downtown.

CENTRAL

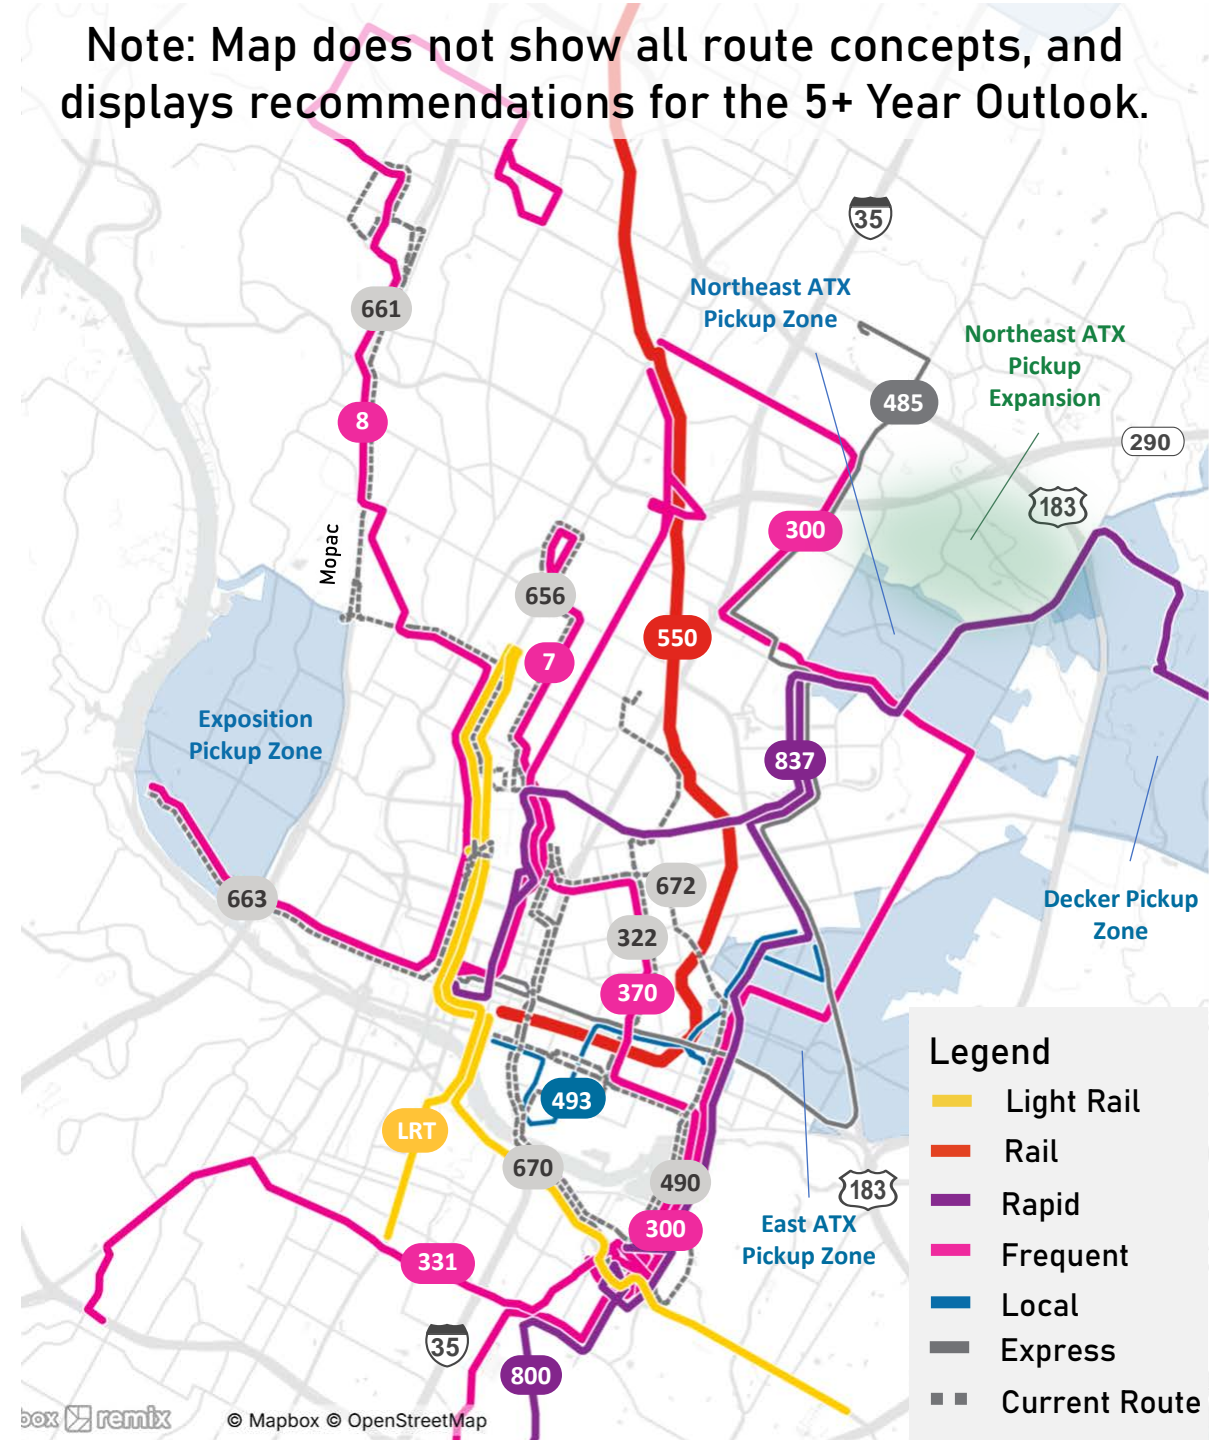

Within the Next 5 Years

- Route 2 extended on Springdale creating a bi-directional loop-makes it easier to travel diagonally
- Route 335 realigned to serve Hancock Center and further east on Manor Rd
- Route 345 discontinued due to low ridership, key destination covered by Hancock

5+ Year Outlook

- Route 493 becomes a local route and operates every day

Note: Map does not show all route concepts, and displays recommendations for the 5+ Year Outlook.

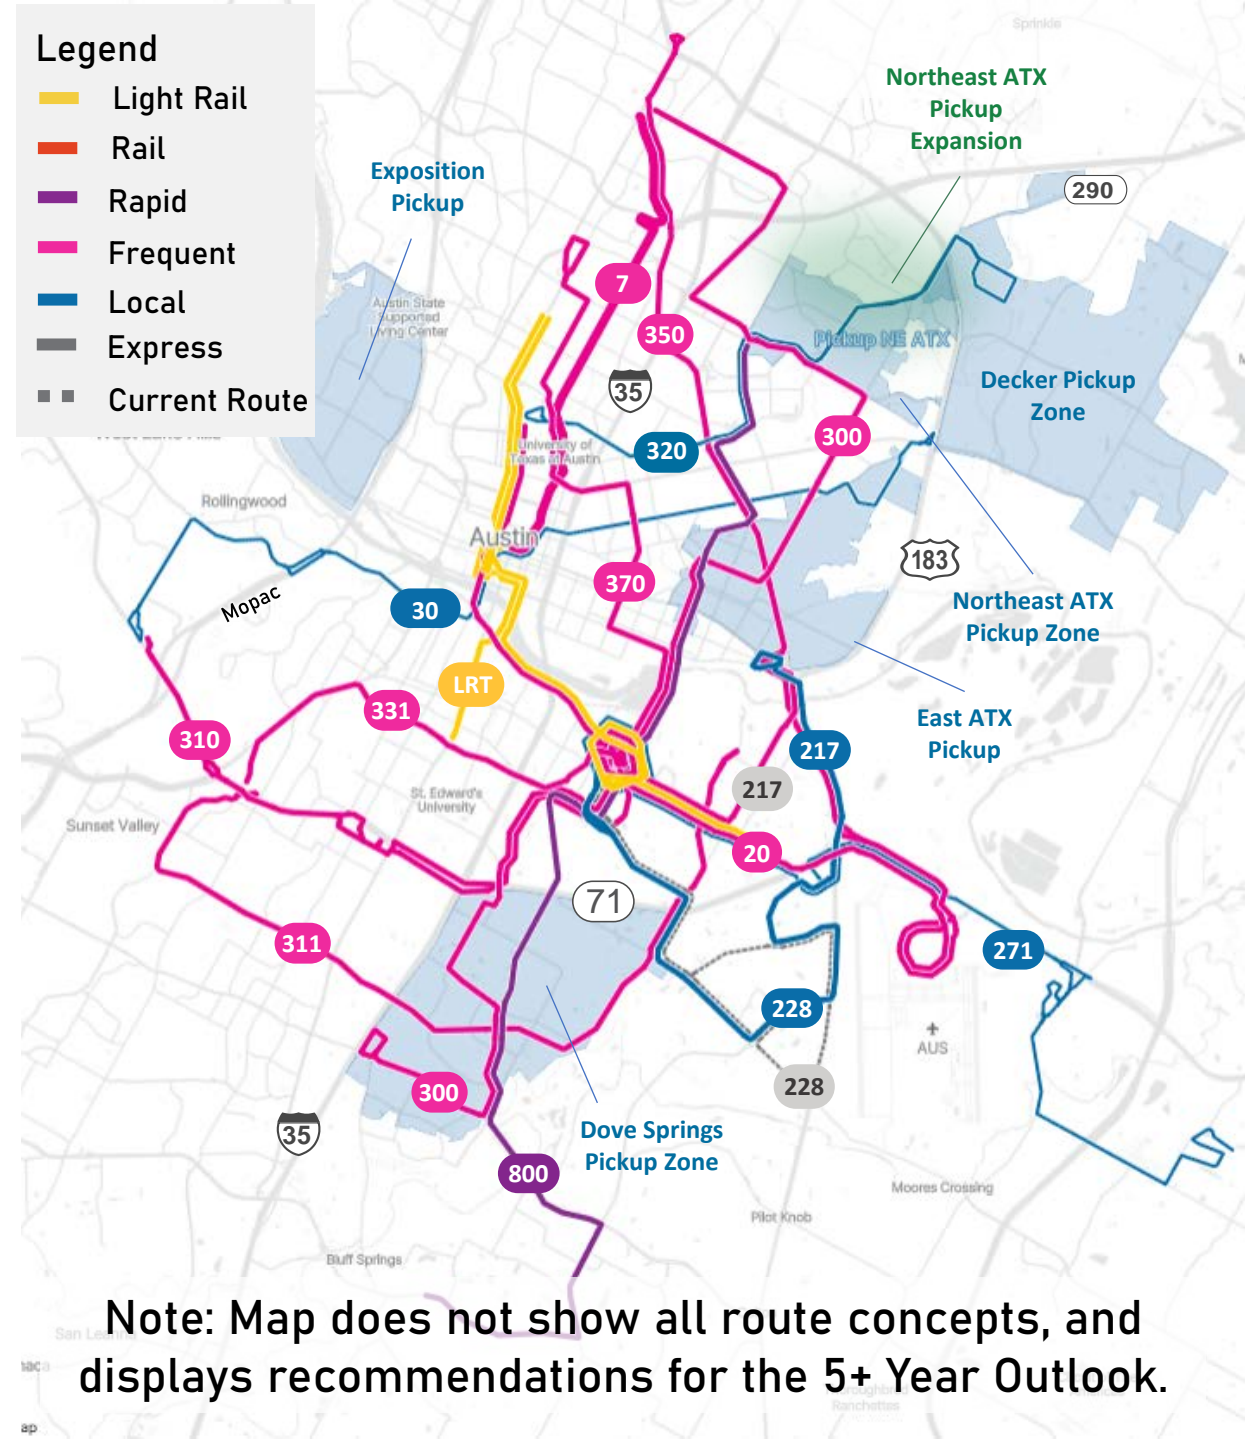

SOUTHEAST

Within the Next 5 Years

- Route 310 extended to connect to Barton Creek Mall & Eastside Bus Plaza
- Route 350 frequency increased to every 15 minutes
- Route 271 extended to Pleasant Valley to connect to HEB

5+ Year Outlook

- Route 20 increase hours and discontinue Route 483
- Route 350 extension to Austin Airport
- Route 217 realigned to serve Vargas
- Route 228 extended to connect Eastside Bus Plaza to Pleasant Valley
- Realign Routes 7 and 300 to serve light Rail
- New Route 331 along Oltorf

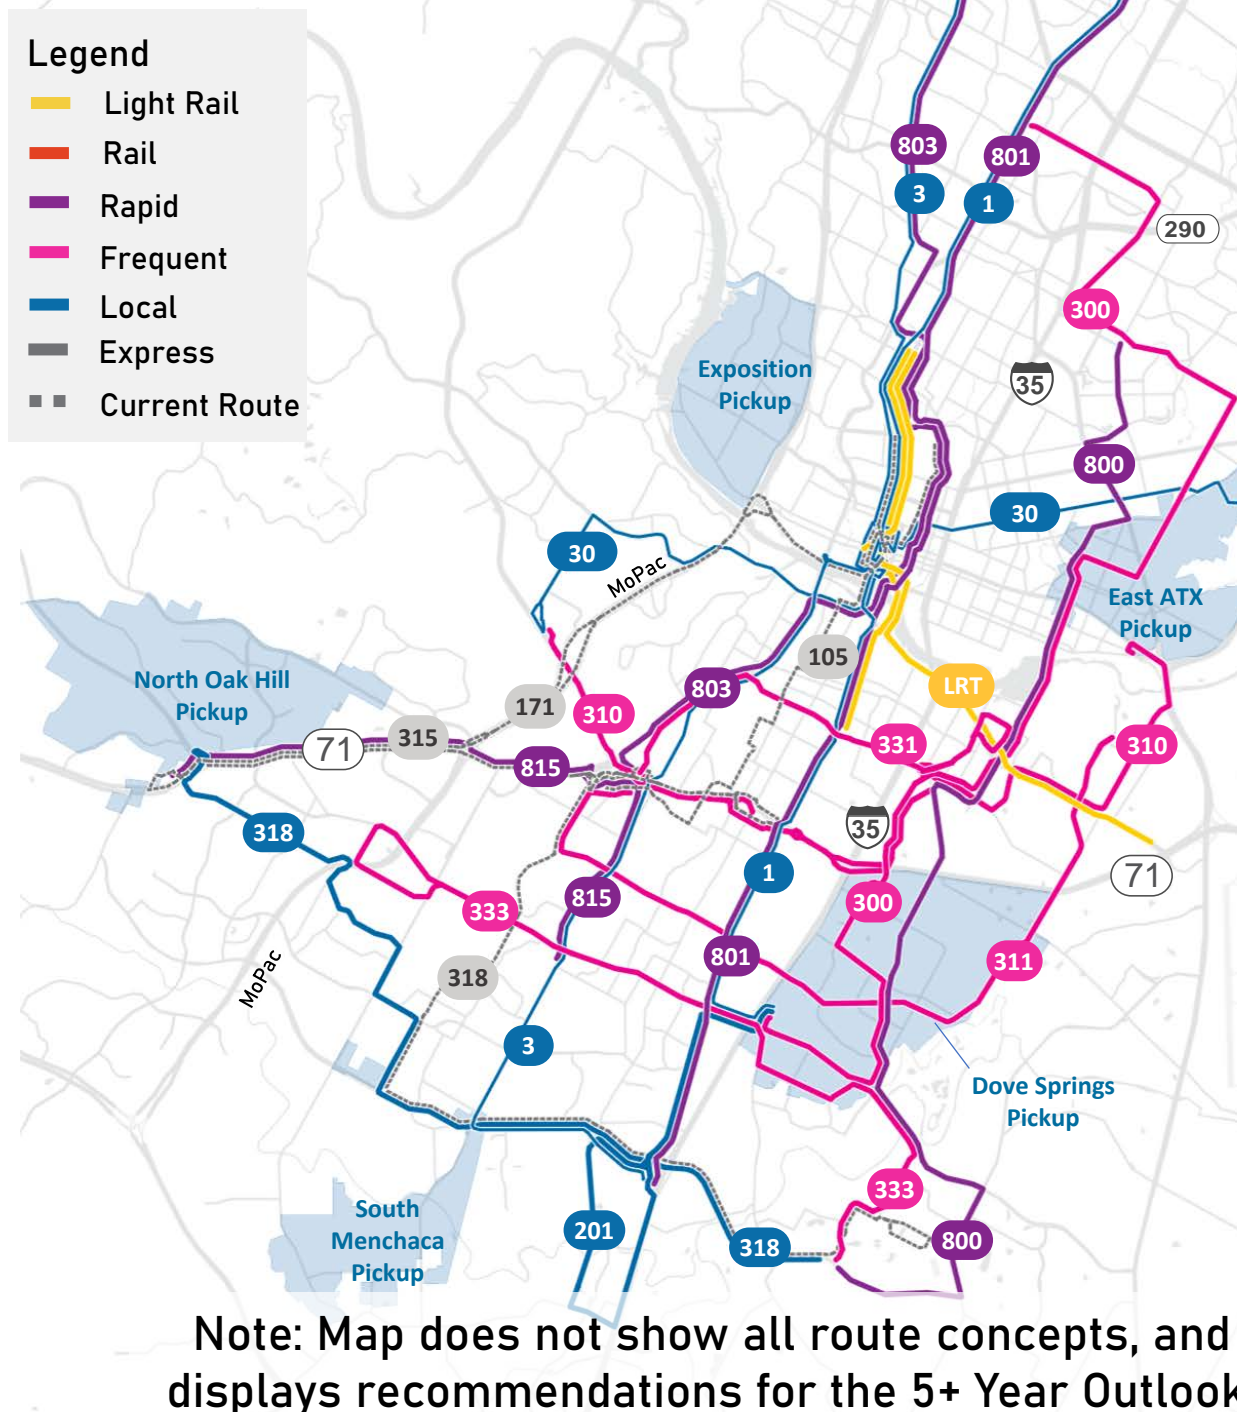

SOUTHWEST

Within the Next 5 Years

- Route 333 realigned to serve Goodnight Ranch Park and Ride
- Route 318 extended to connect Oak Hill and Goodnight Ranch
- Route 315 shortened to Westgate Transit Center
- Discontinue Flyers

5+ Year Outlook

- Replace Route 315 with new Rapid 815 operating along US Hwy 290 & Menchaca
- Route 310 frequency increased to every 15 minutes

NORTHEAST

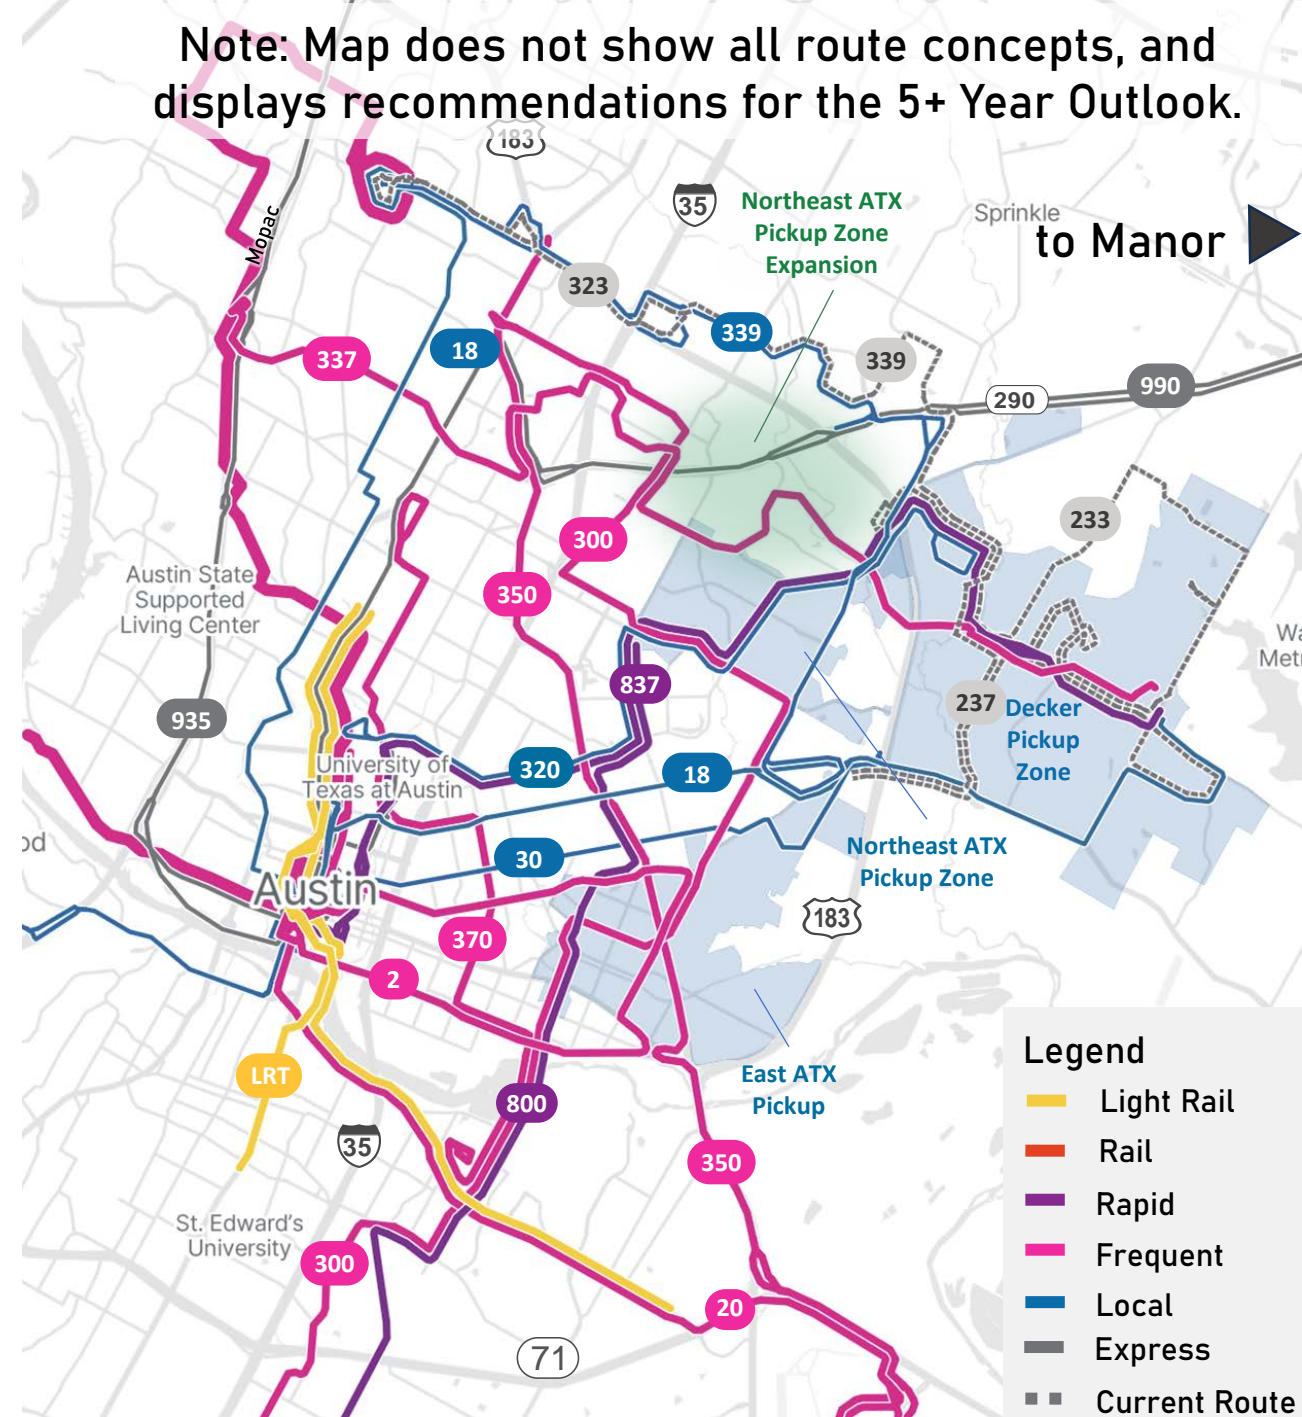

Within the Next 5 Years

- Rapid 800 and 837 go to 10 min frequency and extended span
- Route 233 and 237 discontinued due to low ridership and Pickup coverage
- Route 18 extended to Community First! Village for improved connection to downtown
- Combination of the 323 and 339, with changes to the 339 to match travel patterns
- Route 20 split at UT and new Route 320 serves Manor Rd

5+ Year Outlook

- Expanded Northeast ATX Pickup Zone due to high population of seniors and folks with disabilities
- Additional stop at Highland ACC on Route 990

Note: Map does not show all route concepts, and displays recommendations for the 5+ Year Outlook.

NORTHWEST

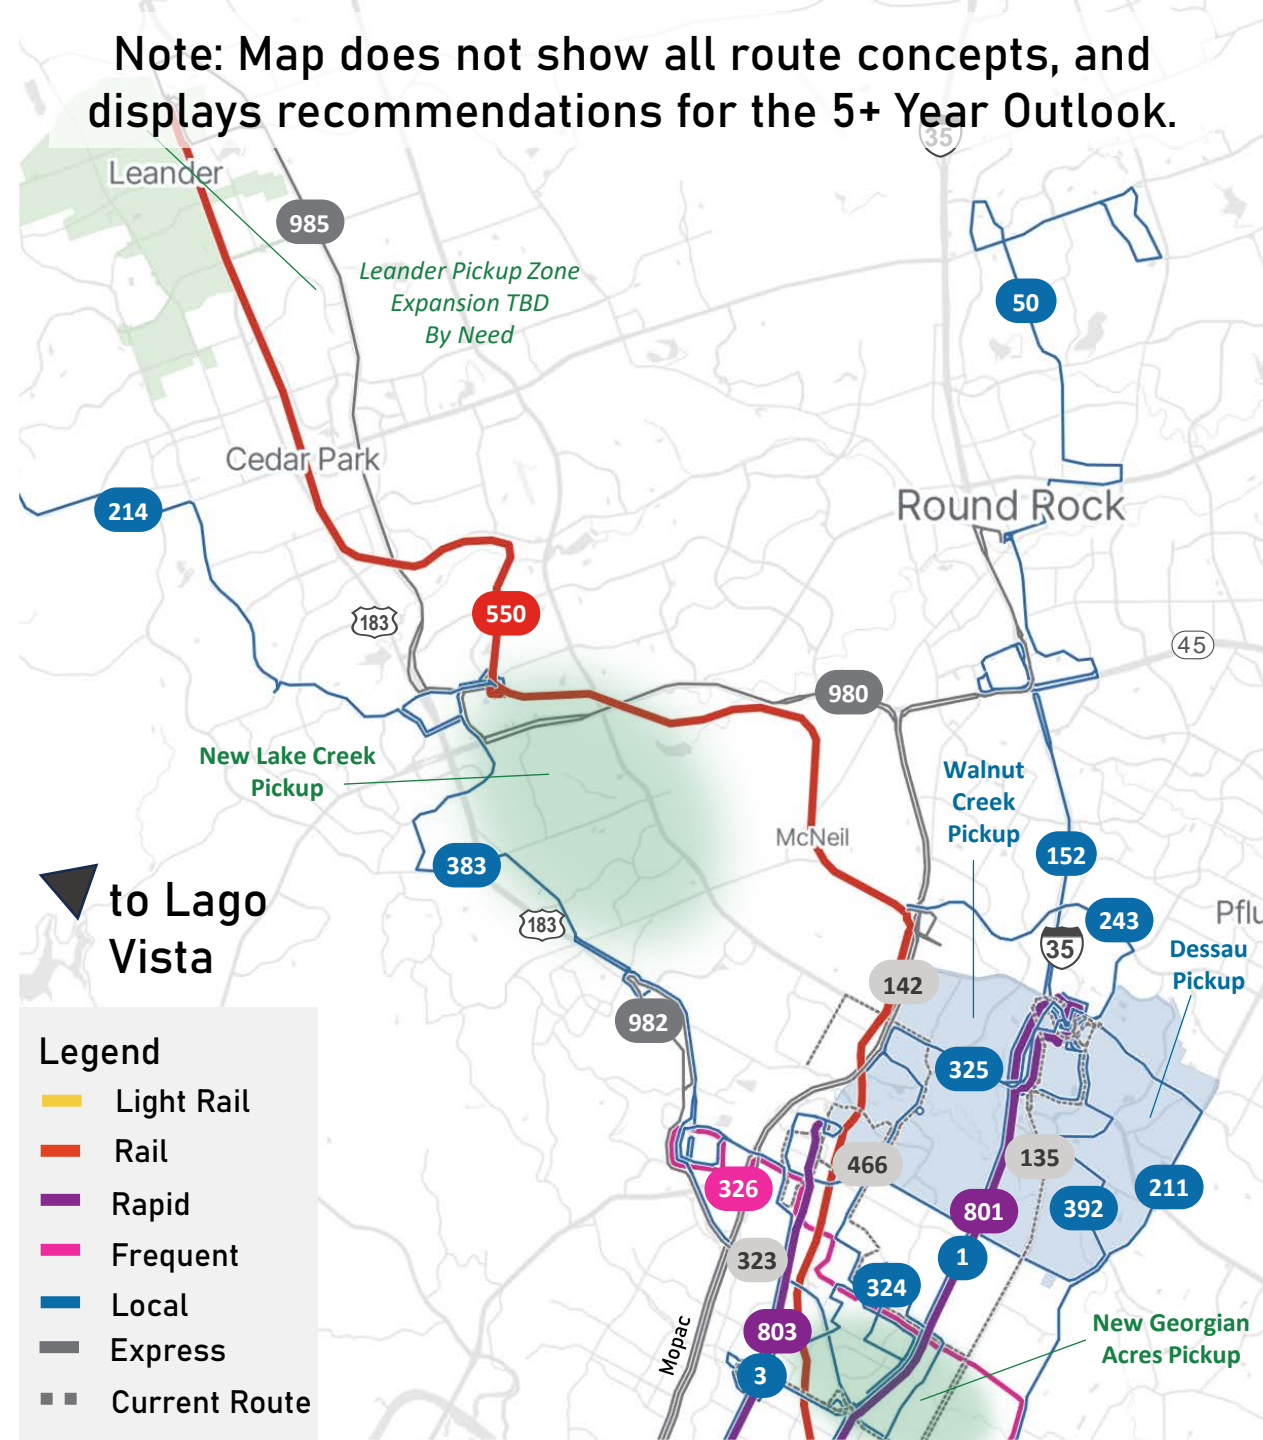

Within the Next 5 Years

- Route 392 extended to connect to Domain and Broadmoor
- 466 Replaced

5+ Year Outlook

- Better east/west connections through the new 326, high frequency E/W route on Rundberg
- More direct routes on the 325 to key destinations such as the hospital and Parmer/Mopac HEB
- Route 383 is streamlined, in response to community feedback that it takes too many twists and turns
- NEW Route 211 provides service to high need area
- NEW Pickup Zones in Lake Creek area and Georgian Acres

Note: Map does not show all route concepts, and displays recommendations for the 5+ Year Outlook.

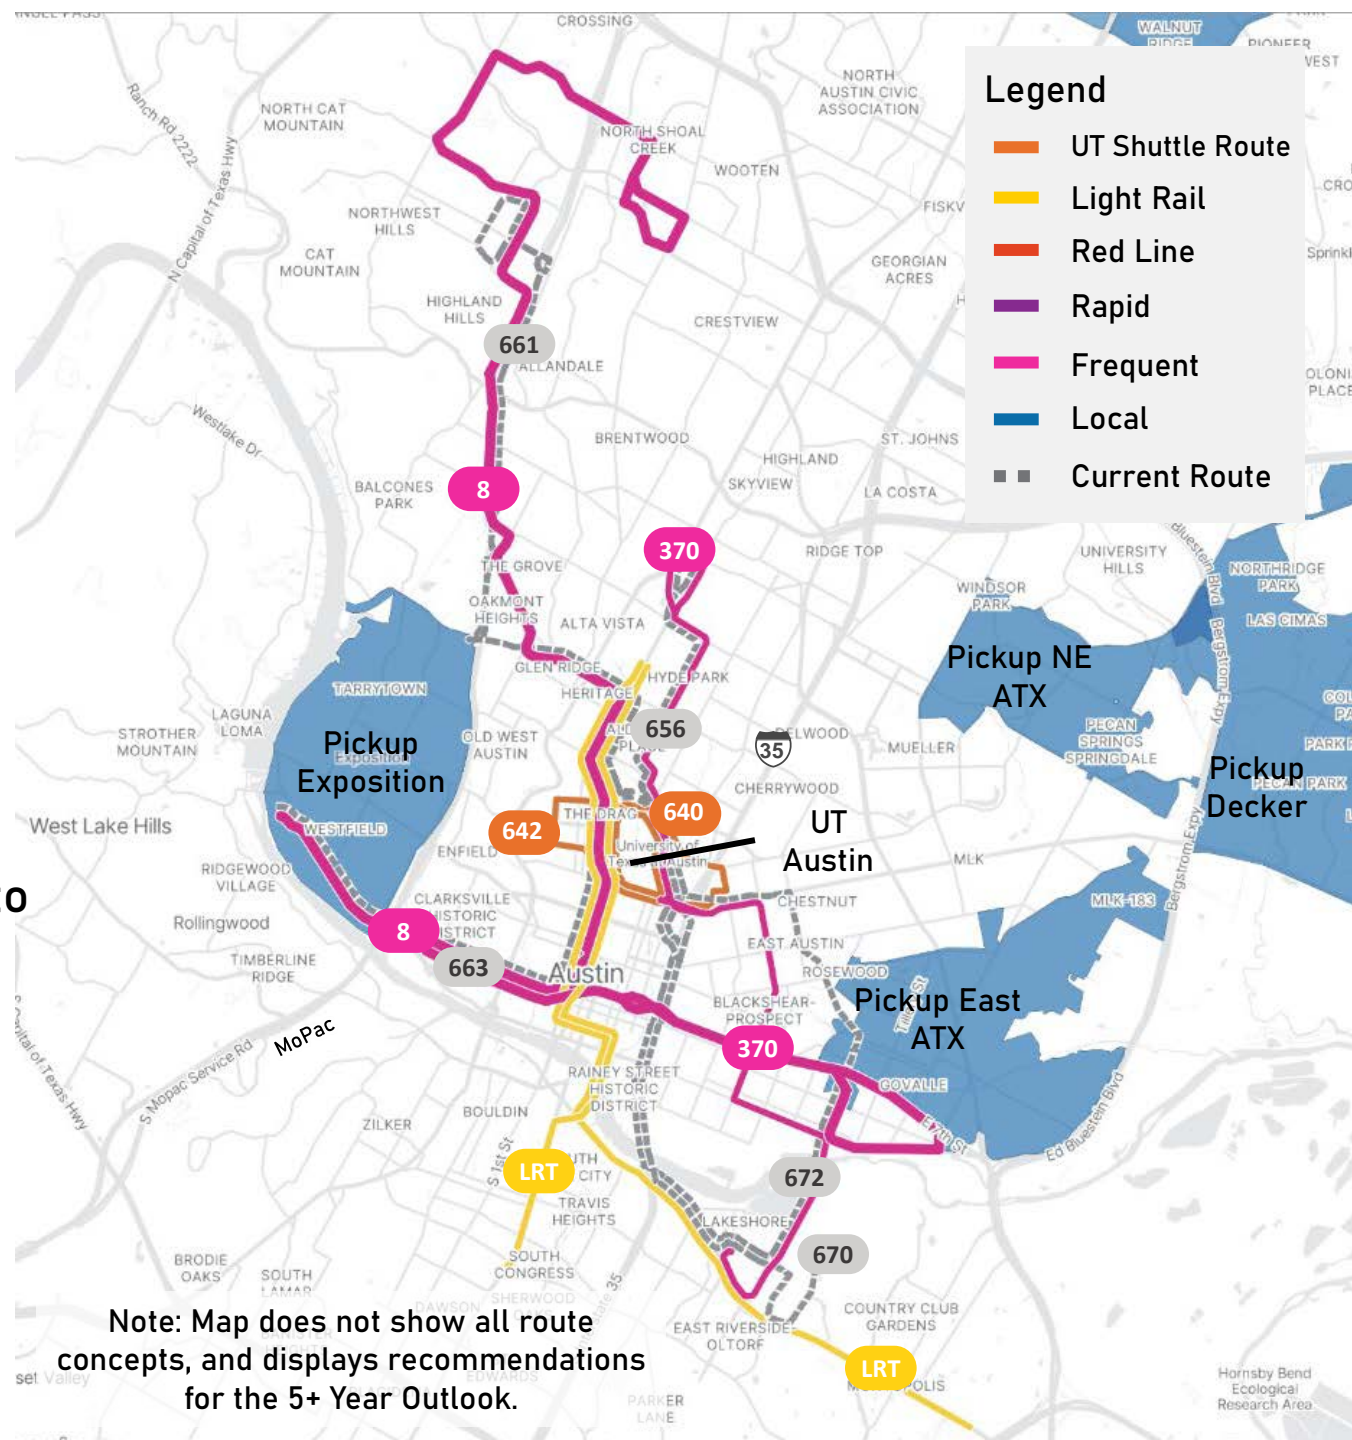

Within the Next 5 Years

- **Route 670 & Route 671 combination (August 2025)**

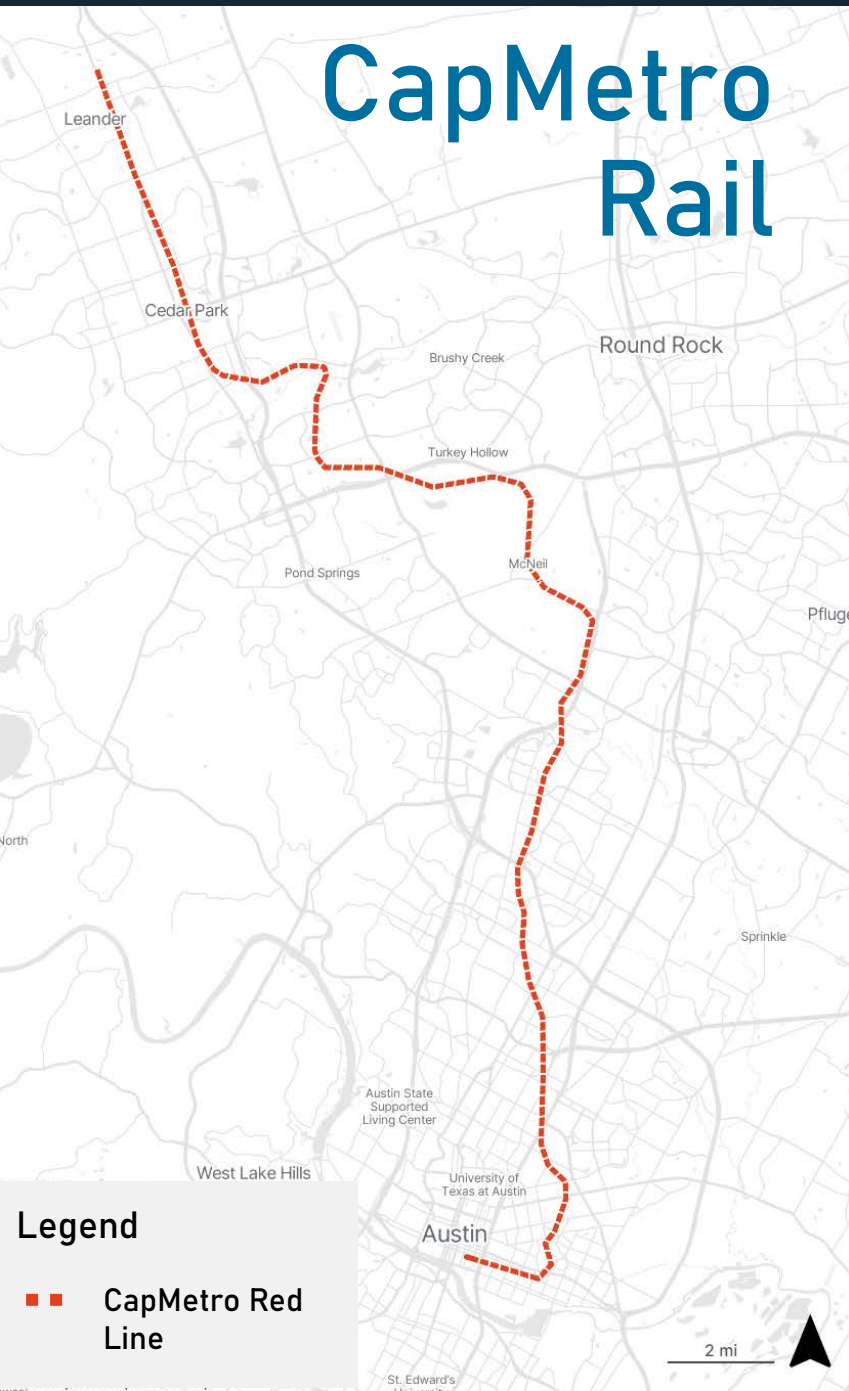

5+ Year Outlook

- New Route 8 connecting North Cross/Far West to Lake Austin Blvd
- New Route 370 connecting Pleasant Valley to Intramural fields
- New routes replace Route 656, 661, 663, 670, 672

Note: Map does not show all route concepts, and displays recommendations for the 5+ Year Outlook.

CapMetro Rail

Outlook within 5 Years

Broadmoor station opening near Domain

Double tracking improvements at Plaza Saltillo

Positive Train Control improvements

Extend weekday span to 9PM and Saturday span to 8AM

5+ Years Outlook

Extend weekday span to 9PM and Saturday span to 8AM

I-35 rail bridge

Increase weekday and Saturday service to 30 minutes

10+ Years Outlook

Additional capital investments, including potential infill stations

Introduce Sunday service on the Red Line

CapMetro Rail Green Line service

CapMetro 10+ Year Vision List

CapMetro 10+ Year Vision List

CapMetro is committed to delivering on its promises to the community. This list of investments will serve as a guide for how the agency will spend the funds that become available for capital investment, as markets develop, and supportive infrastructure is built. Project Connect, when it was passed enthusiastically by voters in 2020, identified a vision for transit in Central Texas and that vision remains on the horizon.

Transit Plan 2035 has identified additional recommendations that, invested in over time, will strengthen the state of the system. CapMetro will continue to seek funds and partnerships to deliver on these promises.

CapMetro Service Type	Future Investment	Source of Recommendation	New Alignment	New Service	Description
Bus	Route 243 Extension to Pavilion Park & Ride	Transit Plan 2035	⦿		Westward extension via Howard Ln. to Pavilion Park & Ride
	Route 350 Extension to Rundberg	Transit Plan 2035	⦿		North extension from North Lamar Transit Center to the Rundberg Ln. HEB
	51st Street Local Route	Transit Plan 2035		✓	Local route covering portions of discontinued Route 345, primarily along 45th St. and 51st St.
